I'm a Front-end React JS Developer and self-paced learner. I love to code, create efficient apps, and interactive websites, resolve complex problems, and many more related to coding. I have been successfully working as a freelancer as a front-end developer for 3 years. I'm also a JavaScript expert.

SHARJEEL FAIQ

FRONT-END REACT JS DEVELOPER

Satellite Town, Quetta

EDUCATION

Bachelor of Mathematics

BUITEMS | 2018

EXPERIENCE

HTML | CSS | JAVASCRIPT | BOOTSTRAP | REACT JS

May 2018 - Present

- Worked with HTML, CSS, and JS on many useful projects.
- Successfully worked as a freelancer on online and offline platforms.
- Started working on React JS in Jan 2022 and coded the first React App in the first two months of learning React that is live on the internet i.e. textbotonline.com.
- My formal education is in BS Mathematics but I have spent most of my time learning web development and creating coding projects.
- You can check more about me in detail on my personal portfolio website i.e. https://sharjeelfaiq610.netlify.app
