

Sharjeel Faiq

Full Stack Web Developer

Full Stack Web Developer with 3+ years of commercial experience. Proficient in advanced JavaScript, React, Node, Nest, REST APIs, SQL, and NoSQL databases. Familiar with Angular, GraphQL, Microservices, and deploying web applications. Also, I have a proven track record of delivering impactful solutions that enhance sales and satisfaction.

PROFESSIONAL EXPERIENCE

DevGate Consultancy (Mar 2024 - Present | Onsite) Full-Stack Software Engineer

- Built full-stack Easypaisa Committee Mini-app in PERN
- Contributed to the International China Project by developing REST-based microservices using SQL and NoSQL databases
- Developed robust, scalable, modular, and API-centric infrastructures by implementing standard practices
- Collaborated with fellow engineers to evaluate software interfaces by assisting them in challenging tasks

VisualSoft Global LLP (Oct 2023 - Dec 2023 | Remote) React JS and WordPress Developer

- Created a live-streaming application with real-time chat with React and Agora API
- Developed WordPress website for VisualSoft Global LLP with WPBakery Builder
- Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance

TechArch (March 2020 - Sep 2023 | Remote) Frontend and React JS Developer

- Developed single-page applications by leveraging React and Redux with dynamic content and real-time updates
- Developed an interactive dashboard using React and Tailwind that allowed users to visualize data in real-time
- Developed a system for tracking employee attendance and time off, reducing time off abuse by 50%
