## Responsibilities and Achievements

### (2020 -2023)

- Collaborated with clients globally, delivering high-quality front-end solutions and achieving outstanding user experiences.
- Utilized React JS, Node JS, Express JS, and Next JS to develop dynamic and interactive web applications.
- Employed front-end frameworks such as Bootstrap and Material UI to create responsive and visually appealing interfaces.
- Successfully deployed websites on various hosting services including GoDaddy (cPanel), Netlify, and Hostinger (cPanel).
- Managed version control using Git and GitHub to ensure efficient collaboration and codebase management.
- Contributed to project management on Jira, facilitating streamlined workflows and efficient task tracking.
- Created custom websites with HTML, CSS, and JavaScript, showcasing a mastery of core web development technologies.
- Integrated various APIs to fetch and display data, enhancing website functionality and user engagement.
