## About Me

Over 4 years of experience as a Mern stack developer specializing in Front end development using react js and next js, and backend using node js and express js. Worked on a variety of projects, including API integration, including working with Mongo DB Database.

## Work Experience

### Senior Front-end Developer on Fiverr

I have successfully worked as a web developer freelancer on Fiverr and earned a very good reputation in a little time.

*March 2020 to April 2023*

- *Backup files from websites to local folders for disaster recovery.*
- *Identifying and resolving problems discovered through consumer feedback and testing.*
- *Evaluating code to guarantee compliance with industry standards.*
- *Worked with HTML, CSS, and JS on many useful projects.*
- *Successfully worked as a freelancer on online and offline platforms.*
- *Started working on React JS in Jan 2022 and coded the first React App in the first two months of learning React that is live on the internet i.e. [netlify.textbotonline.com](https://netlify.textbotonline.com).*
- *My formal education is in BS Mathematics but I have spent most of my time learning web development and creating coding projects.*
- *You can check more about me in detail on my portfolio website i.e. <https://sharjeelfaiq.netlify.app>*
- *I have professional experience in deploying websites on different hosting services either free or paid, including GitHub, Netlify, GoDaddy, Heroku, etc.*

## Work Experience

### React JS Developer on a Contract Project with a remote company

I have successfully worked as a React JS developer on a contract project with a remote job offering company.

May 2022 to June 2023

1. Design and develop the user interface of the website using React JS components, and Material UI..
2. Monitor and analyze website metrics to identify areas for improvement and implement necessary changes to enhance user experience.
3. Ensure that the website is accessible and meets web accessibility guidelines to make it usable for users with disabilities.

## Education History

### BS Honors in Mathematics

Institution: Balochistan University Of IT, Engineering, and Management Sciences

Year of Graduation: 2023

### Informal Education In Coding Different Front-end, Backend, and Programming Languages

Online courses from YouTube, Pirple, and Codecademy.
