

Sharjeel Faiq

Full Stack Web Developer

Address: Gulzar e Quaid, Rawalpindi

WhatsApp: +923368856575

Email: sharjeelfaiq816@gmail.com

PROFILE

Full Stack Web Developer with 3+ years of experience. I excel in building dynamic applications using React, Node.js, and Nest.js. I'm proficient in REST APIs, SQL/NoSQL databases, and have experience with GraphQL and microservices. My track record includes delivering solutions that enhance sales and customer satisfaction.

PROFESSIONAL EXPERIENCE

DevGate Consultancy (Mar 2024 - Present | Onsite)

Full-Stack Software Engineer (**MERN, PERN, MEAN**)

- Built full-stack Easypaisa Committee Mini-app in PERN
 - Contributed to the International China Project by developing REST-based microservices using SQL, Node TS, and NoSQL databases
 - Developed robust, and scalable Zoho CRM API-centric infrastructures by implementing standard practices
-

VisualSoft Global LLP (Oct 2023 - Dec 2023 | Remote)

React JS and WordPress Developer

- Created a live-streaming application with real-time chat with React and Agora API
 - Developed WordPress website for VisualSoft Global LLP with WPBakery Builder
 - Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance
-

TechArch (March 2020 - Sep 2023 | Remote)

Frontend and React JS Developer

- Developed single-page applications by leveraging React and Redux with dynamic content and real-time updates
- Developed an interactive dashboard using React and Tailwind that allowed users to visualize data in real-time
- Developed a system for tracking employee attendance and time off, reducing time off abuse by 50%
