Sharjeel Faiq

Full Stack Web Developer

Full Stack Web Developer with 3+ years in MERN and PERN stacks. Proficient in React, advanced JavaScript, Node.js, and NestJS. Experienced in Angular, creating REST microservices with SQL and NoSQL databases and deploying web applications. Proven track record of delivering impactful solutions that enhance sales and satisfaction, with expertise in live-streaming apps. Eager to drive innovation in a dynamic full-stack development role.

EXPERIENCE

TechArch (2.8 Years | March 2020 - Jan 2023)
Full-Time Frontend and React JS Developer

- Leveraged React and Redux to develop a single-page application with dynamic content and real-time updates

- Developed an interactive dashboard using React that allowed users to visualize data in real-time

- Used React and CSS to optimize the performance of the website, resulting in a 30% reduction in loading time

- Developed a system for tracking employee attendance and time off, reducing time off abuse by 50%

VisualSoft Global LLP (3 Months | Oct 2023 - Dec 2023)
Contractual React JS and WordPress Developer

- Utilized React and Agora API to develop a single-page live-streaming application with real-time chat

- Developed WordPress website for VisualSoft Global LLP with WPBakery Builder
- Consistently met project deadlines by effectively managing time and prioritizing tasks according to importance.

DevGate Consultancy (5 Months | Mar 2024 - *Present*)
Full-Time Full-Stack Software Engineer

- Built full-stack Easypaisa Committee Mini-app in PERN

- Contributed to the International China Project by developing REST-based microservices using SQL and NoSQL databases.

- Developed robust, scalable, modular, and API-centric infrastructures.

- Collaborated with fellow engineers to evaluate software and hardware interfaces.
