About Me

I'm Sharjeel Faiq, a passionate Front-end ReactJS Developer creating captivating web experiences. Expert in React, Node, Express, and API integration, I build global dynamic apps with responsive design. I tutor coding languages, contribute to tech community, and thrive on innovation. Fluent in English and Urdu.
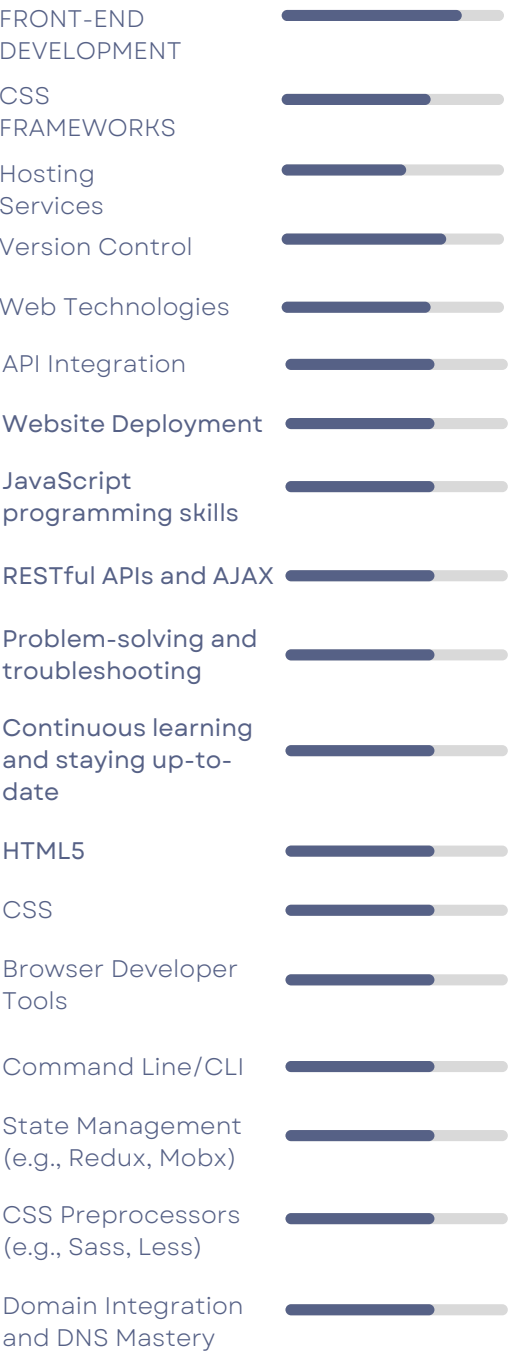

Experience

Fiverr
(2020-Present)

Work Experience Includes some of my recent notable projects (can be found using porfolio link.:

- **Jotter's Pad:** Transformed a premade PHP template using Laravel and MySQL into a unique, engaging platform. Also, deployed on Hostinger.
- **Shayan Faiq - WordPress Portfolio Website:** Built a WordPress website using Elementor plug-in and the Astra template.
- **Textbotonline:** Designed and developed a comprehensive React-based web application. Also, deployed on Netlify.
- **Quetta Prayer Timings:** Integrated React JS and AlAdhan API to provide timely prayer updates based on International University guidelines and Hanafi Madhab. Also, deployed on Netlify.
- **Sharjeel Faiq - React Redux Portfolio Website:** Highly customized and deployed this React JS portfolio template on Netlify. Customized for professionalism and functionality. Also, deployed on Netlify.

Experience

- **Nuturafit:** I skillfully integrated a Shopify store with a Hostinger-served domain, deepening my DNS understanding and enhancing web solution proficiency.
